## ABOUT ME

With five years of \*dynamic experience\* in architecture design, I have cultivated a robust skill set through collaboration with \*architects, civil engineers, 3D visualizers,\* and \*contractors\*. My commitment to \*precision\* and \*attention to detail\* enhances the clarity of drawings and ensures seamless execution for clients. Leveraging my expertise in \*3D design\*, I skillfully transform client visions into immersive visualizations, while my direct collaboration with contractors has equipped me with critical insights into design implementation. I understand the essential role of meticulous detail in the construction process, having witnessed the construction of \*structural elements\* such as columns, beams, and slabs. This comprehensive experience enables me to bring both \*creativity\* and \*technical acumen\* to every project, ensuring successful outcomes that exceed client expectations.

## WORK EXPERIENCE

### Virinchi Design Institute

#### ARCHITECTURAL DESIGNER

- Developed custom-tailored conceptual designs in 2D , aligning with client requirements.
- Translated accurate measurements into comprehensive architectural drafts.

### Opal Construction

#### SITE ENGINEER

- Efficiently orchestrated materials and workforce coordination, achieving on-schedule project delivery.
- Directed on-site construction teams, subcontractors, and machinery to optimize workflow.
- Strategically executed preplanning for resource procurement and effective labor distribution.
- Enforced rigorous quality control protocols to uphold superior material and construction standards.
- Scrutinized technical designs and schematics to ensure accuracy and regulatory conformity.
- Meticulously maintained site documentation and generated comprehensive reports.

### Lalwani Architects

#### SITE ENGINEER

- Conduct site visits to ensure quality work, prepare progress reports, and develop strategic plans to meet deadlines. Facilitate effective communication with clients and contractors through regular meetings and follow-ups.

---

## SKILLS

---

Architectural Planning, Working and Conceptual Plan, Site Supervision, Civil Engineering

---

Drawing, Layout Preparation

---

---

## LANGUAGES

---

English

---

---

## HOBBIES

---

- Music
- Sculpturing

## GRAMMATICAL INFRA

- STRUCTURAL DRAFTMAN
- Expertly generated comprehensive structural drawings, leveraging detailed structural analysis and precise specifications to ensure exceptional accuracy and quality.
- Proficient in producing GFC drawings for a variety of projects, contributing to successful project execution and client satisfaction.

---

## EDUCATION

---

**SAM College of Engineering**  
2022

● DIPLOMA IN CIVIL ENGINEERING

- POLYTECHNIC 3-year diploma from **Civil Engineering** (2019 to 2022).

**CRISP Bhopal**  
2018  
**Bhopal**

● DIPLOMA IN INTERIOR DESIGN

- 6-month **Diploma in Interior Design** from CRISP Bhopal with **AutoCAD** (15-05-18 TO 30-11-18).

---

## PROJECTS WORKED IN

---

- MES PROJECTS
- IPHL LABS
- NHM
- HOTELS
- KENDRIYA VIDHYALA
- AOUDITORIUM
- RESIDENTIAL BUILDING

---

## INTERNSHIPS

---

- **ART LINK INTERIORS-** SITE NEGINEER,PLANING DRAFTING) MARCH 2021-TO-AUGUST2021
- **CONVINENT HOME PLAN** -(PLANNING AND DRAFTING)
- SEPT-2021 -TO -JULY 2022
